

Kashipur's Most Iconic **COMMERCIAL ADDRESS**

*A premium double-storey
retail & commercial
complex— modern,
bold and built to be noticed.*

Two Floors. ENDLESS POSSIBILITIES.

Opening: City Center by Vedanta redefines what a commercial space looks like in Kashipur. With a striking double-storey facade, premium brand-ready units, and a location that guarantees visibility —this is where serious businesses come to grow.

A Facade That Commands Attention

The grand **City Centre entrance arch**, sandstone-finish exterior, floor-to-ceiling glass storefronts and warm facade lighting make this one of the most architecturally distinctive commercial buildings in the region.

Ground Floor — Retail at Street Level

Premium ground-floor units designed for high-footfall retail — fashion, footwear, lifestyle and everyday commerce. Direct walk-in access from the wide front road ensures maximum customer reach.

First Floor — Business & Lifestyle

The upper floor opens doors for gyms, clinics, service businesses, offices and hospitality — a vertical ecosystem where commerce meets convenience under one roof.

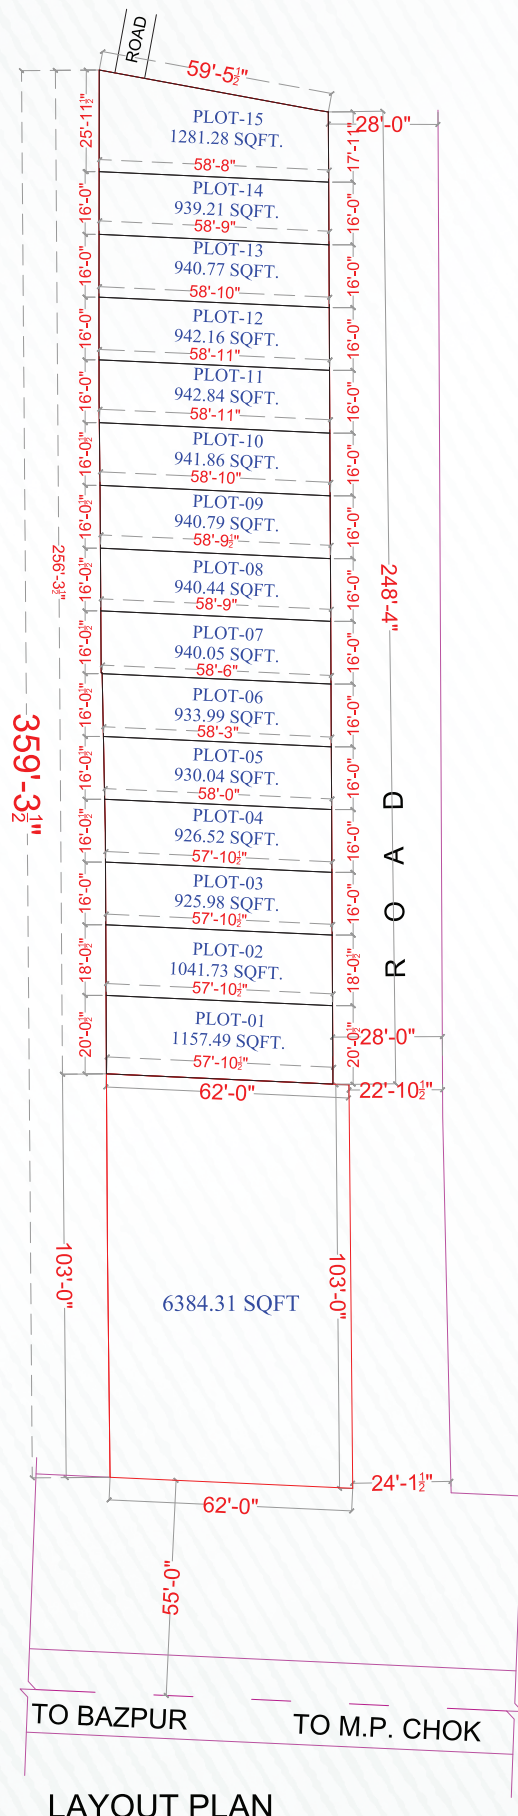

Landscaped Frontage Manicured flower beds, ornamental trees, and a clean wide driveway along the frontage create an inviting, premium street presence that elevates every brand within.

Ample Parking, Zero Hassle

Dedicated front parking, wide driveways, and easy entry-exit ensure your customers always find a reason to stop — not drive past.
